

## PROOF OF VACCINATION REQUIRED FOR ALL ACTIVE DOCENTS

We have been informed by the FAMSF Director of Education that, with immediate effect, all docents interacting with visitors in the museums must be fully vaccinated against COVID-19.

At this stage, museum visitors are not required to show proof of vaccination, so unvaccinated docents may only enter as regular visitors, and will not be permitted to conduct tours or act as docents in the galleries.

This affects all docents currently scheduled for upcoming tours of Judy Chicago: A Retrospective, and Color Into Line: and all other tours of special exhibitions and the permanent collections going forward.

We are setting up a system for gathering images or pdf files showing your proof of vaccination, and you will see a further notice about this soon. A list of docents with photos and a checkmark showing we have your vax card on file will be supplied to museum staff, so you can be checked in at the door.

We see this as a positive move to ensure your own safety in these public spaces, as well as that of museum visitors and staff.
